

Medical uncertainty is a problem. **Best Doctors is your solution.**

Best Doctors identifies and solves the most complex, critical and costly problems in health care by combining data analytics and top clinical talent with our highly personal methodology across a global network.

Services Available:

Expert Second Opinion

Your solution when you need to be sure

With the InterConsultation® service, Best Doctors will collect members' medical records, tests and samples and have them reviewed by world-renowned expert physicians who specialize in their conditions. The experts will make sure members' diagnoses are accurate and they have the best treatment options. Then, members receive the experts' findings in thorough, easy-to-understand reports.

Critical Care Support™

Your solution when it's urgent

Members can call on Best Doctors for guidance if they experience medical events that require emergency treatments, intensive care or extended hospital stays. Best Doctors will immediately get experts involved in their cases and work with their local medical teams to get them the best care.

Medical Records eSummary™

Your solution when you need your records

Best Doctors will collect and organize members' medical records for them and provide the records on easy-to-access USB drives or secure digital files. They will also receive personal Health Alert Summaries based on the records collected, giving them complete views of their health.

FindBestDoc®

Your solution when you need a doctor

Best Doctors draws on more than 50,000 of the world's top physicians, including 40,000 in the U.S. If members need to visit a physician, we will search to see if any of our doctors meet their criteria, practice within distances that work for them and are covered by their insurance plans.

Ask the Expert™

Your solution when you need answers

When members have general questions about medical conditions, treatment options or symptoms, Best Doctors will take the time to listen and expert physicians will provide personalized responses. No needless worrying, wondering or wandering the web for answers.

Treatment Decision Support™

Your solution when you need to decide

The Treatment Decision Support (TDS) program will equip members with the tools they need to make confident medical decisions. TDS gives members free access to one-on-one coaching and online educational modules featuring in-depth, easy-to-follow information about specific conditions, allowing members to become more educated on their conditions and the available treatment options.
