### HSA EPO Plan

<sup>1</sup> ER and ambulance services outside the network are paid as if they were in the network.

<sup>2</sup> Copayments on HSA plans (where applicable) will be required after the deductible has been met and will continue to be required until the annual out-of-pocket limit is met.

<sup>3</sup> Ancillary charge may apply when a covered prescription drug product is dispensed and there is another drug that is chemically the same available at a lower tier. You will pay the difference between the higher tiered drug and the lower tiered drug in addition to your copayment annual deductible and/or coinsurance that applies to the lowest tiered drug. An ancillary charge does not apply to any out-of-pocket limit.

<sup>4</sup> When utilizing the Essential PDL for plans HP1500Ess and HP2000XEss, a tier 3 coinsurance with a \$150 minimum and a Tier 4 coinsurance with a \$300 minimum will be applied.

<sup>5</sup> Outpatient rehabilitation services limit includes physical therapy, occupational therapy, speech therapy, pulmonary rehabilitation therapy, cardiac rehabilitation therapy, post-cochlear implant aural therapy and cognitive rehabilitation therapy.

All plans are subject to calendar year deductible/out-of-pocket limits unless otherwise stated. In select markets, the deductible/out-of-pocket limits are subject to plan year deductible/out-of-pocket limits if elected.

All plans may not be available in all markets. Plan availability is subject to change and is controlled via the quoting process on [myallsavers.com](https://myallsavers.com).

This is a summary only. It is not a solicitation of coverage; it does not contain a complete list of benefits and limitations. Some benefits listed above may have limits on the number of visits that are covered. For more information about the benefits, provisions, exclusions and limitations, refer to the brochure.
