

Attention: Members Taking a Brand-Name Medication!

Welcome to **VERUSPATH**, an additional benefit available to you through VerusRx!

Dear Member,

As your Prescription Benefit Manager, VerusRx would like to inform you of an additional benefit added to your pharmacy benefits. VerusRx and LifeCare 2.0 have partnered together to bring you cost-saving opportunities on your **brand-name** medications through **CANPath**, our Canadian Pharmacy Program.

Just a few of the benefits to using the CANPath Program are:

- ✓ 90-Day Supplies ➡ Shipped Directly to You
- ✓ \$0.00 Copayment
- ✓ Significant Cost-Savings to Your Plan

Please note that generic medications are not applicable for this cost-saving opportunity. If you are taking a **brand-name*** medication and would be interested in no longer paying out of pocket for your medication, please contact VerusPath at **+1-800-838-0007** and request to speak with a VerusPath Patient Advocate. We will work directly with your provider to have a new prescription sent to our Canadian Pharmacy Partner.

If you have additional questions about the **CANPath** Program, or any other aspects of your pharmacy benefits, please call (**1-800-838-0007**) or email (**CustomerService@Verus-Rx.com**) VerusRx. Our Patient Advocates are available Monday through Friday, from 9:00AM until 5:00PM CST.

Sincerely,
VerusRx
